

A request was made to Shri. N. Rangasamy Hon'ble Chief Minister of Puducherry government on behalf of Association of Siddha Hospitals and Clinics regarding the establishment of All India Institute of Siddha in Puducherry on 12.02.2024. We kindly request their consideration in allocating a site for the establishment of an All India Institute of Siddha (AIIS) in the state of Puducherry. It will be a great opportunity for the development of Siddha medicine if a place is allotted for the establishment in Puducherry.
